

Dear Ms. Strauss

I just wanted to let you know what what an amazing impression you left on my son Mike, today at Beverly's Career Day.

He came home so excited about your class, your experience, and philosophy on making it in the business world.

He said, "mom, this woman is unbelievable, and I learned so much in one hour". He was also intrigued that there were mainly boys in your class.

Today you helped him solidify that his passion truly is entrepreneurship and international business. I thank you for that. You are a great teacher and inspirational role model.

Take care,

Lilli Albert
