Dear Ms. Strauss

I would like to offer my sincerest gratitude for your time and most beneficial presentation at our December luncheon in Dallas for June Wedding, Inc. We received tremendous positive feedback from your motivational topic and dynamic delivery from those who were in attendance. I do regret that this letter had not been sent to you sooner than today, and for that I offer my apologies.

After returning from my holiday vacation, it was such a thrill to have received a bottle of your personalized champagne. Thank you so much for your amazing speech and for taking time out of your busy schedule to travel to Dallas to talk to our organization. It was very much appreciated by us all!

Warmest Regards,

Geni Morin, JWIC
